

Every year Alumni meet is hosted by the college in which all the pass-out students come along together. It is a great way to cherish and relive the nostalgic memories. All the professors also meet up with their students and converse about their walk of life. It is a lively and zestful event where everyone reconnects with each other. The atmosphere is so happy. The smile on faces the happiness returning to that college back with friends and respected faculty members is just mesmerizing. This event is further followed by a musical programme and dinner.
