About LJ Polytechnic

LJ Polytechnic (LJP) started its academic in 2008 under the aegis of Lok Jagruti Kendra (LJK) to run Diploma Engineering Programmes. A planned, disciplined green environment, beautiful landscaping with sweet sound of birds and vivacious hunt for knowledge by the young aspirants provide unique atmosphere in the LJ Campus. The environment inspires the learners to pursue the quest for knowledge along with development of skills in their preferred areas. LJP is committed to provide quality and value based education with professional satisfaction. It has created a very pleasant professional learning environment with state-of-the-art facilities to meet the world-class standards to provide excellent education.

Objectives:

- Building links with institutions and organizations globally. This in turn, provides prospects of employability and skill based learning.
- Apart from academics, LJP also focuses on improvisation of communication/presentation skills, personality development, grooming, etiquette, social & human values for students.
- Developing competent human resources for contributing to nation building.

LJ Innovation Village

LJ Innovation Village is a platform to showcase innovative projects, products and start-ups by innovators. It provides an opportunity to innovators to interact with students, faculties, industry experts and investors. It brings out hidden creativity of students, enhances their skills and performance by focusing on overall innovative development.

To nurture the skills of youth, LJ Innovation Village is being organized every year in the month of January – February. So far more than 1500 projects/products have been showcased by over 6000 participants from school students to Ph.D. from 12 states across India. All these projects are mentored and evaluated by various Industry Experts. After the evaluation, best projects are selected for the next stage (Start-up Week).

Industry Interface/Corporate Training

LJ Polytechnic (LJP) has signed MOU with Ford Motor India to train the employees of its SVAEP (Sanand Vehicle Assembly & Engine Plant). Since August 2013, we have trained 5200 employees. LJP has signed MOU with Toyota Kirloskar Motors Bengaluru, for its SA T-TEP (Service Advisor Toyota Technical Education Programme). LJP has signed MOU with Intas Pharma to provide them skilled manpower as per their requirement for Production, Maintenance and R &D. LJP has also trained Employees of Suzuki Motor Gujarat.

In 2021, LJ Polytechnic has signed MoU with Ashok Leyland to develop Joint Skill Development Centre (JSDC) with State-of-Art facilities.

In Gujarat, LJ Polytechnic is first and leading group to interface with World's Top Manufacturing Companies to prepare Skilled Manpower, which are "Ready to Work" in Industry. They are not only Technically Sound but also they have good Behavior, Attitude, Communication, Presentation, Time Management, Team Work, Discipline, Personality and above all they know their Job Obligation and Social Responsibilities towards Society and Nation.
