About LJ Polytechnic

LJ Polytechnic (LJP), a constituent of LJ University, started its academic activities in 2008 under the aegis of Lok Jagruti Kendra (LJK), by offering Diploma Engineering Programmes.

A well-planned, beautiful landscaping with the sweet sound of birds and energetic hunt for training environment inspires the learners to pursue the quest for knowledge along with acquiring skills in their areas of choice.

LJP is committed to provide quality and value-based education with excellence and created an ecosystem for a sound professional learning.

Best Practices & Pedagogy

LJ encompass a multifaceted approach aimed at fostering comprehensive learning experiences. Central to this approach is the cultivation of critical thinking skills through inquiry-based learning methodologies, where students actively explore and analyze concepts rather than passively receiving information. Furthermore, promoting student engagement through interactive discussions, collaborative projects, and real-world applications enhances retention and deepens understanding.

- Industry Based Teaching
- Interactive Teaching
- Activity Based Teaching
- Group Discussion
- Smart Learning
- Online Sessions
- Animated Video Lectures
- Doubt Solving Sessions
- Continuous Evaluation
- Quiz Competition
- Assignments & Case Study
- Transparent Mechanism

- Expert Session/Workshops
- Seminars/Conferences
- Industrial Visits/Study Tours
- Skill Development
- LJ Innovation Village
- Startup Week/Incubation
- Panel Discussion
- Project to Product
- Funding Projects
- Industry Interfacing
- Corporate Training
- Faculty Development

- Team Building Activities
- Personality Development
- Time Management Skills
- Soft & Social Skills
- Communication Skills
- Presentation Skills

- Staff Appreciation
- Students Mentoring
- Students Appreciation
- Cultural Programmes
- Annual Function
- Festivals Celebration
- Sports Event
- Social Events

Training Activities

LJP has developed an environment-friendly campus having excellent technology-enabled infrastructure (classrooms, engineering laboratories, industry oriented workshops, enriched library, computer centers, architecture studios, drawing rooms, designing centers, IoT lab, auditoriums, skill development centers, audio-visual recording studios) to ensure the most updated learning pedagogy and innovative mechanisms. LJP host well-qualified and academically rich faculties, shaping the future of students by engaging in teaching, learning, research and extension activities.

Start-up Week 24x7

projects, products and start-ups by innovators. It provides faculties, industry experts and investors. So far more than students/professionals of Degree/Diploma Engineering, in nine editions. Many national experts and policy makers have visited this and started start-ups in 2016. We are partnering with state government, Chambers, incubators and others to make it a success, designers, investors, mentors and other stakeholders in innovation & start-up ecosystems.

Excellent Industry Linkages and Corporate & Skill Training

LJ Polytechnic (LJP) has trained more than 6000 “ready to work” employees for Ford, Toyota, Ashok Leyland, Suzuki, Zydus, Sodexo and Wizfinity Edusolutions Pvt. Ltd.

Toyota has developed high-tech workshop at LJP for (Service Advisor Toyota Technical Education) SA-T-TEP Programme. Ashok Leyland developed Joint Skill Development Centre (JSDC) with State-of-Art facilities. LJP is also conducting C2D (Diploma Engineering) training of SAC (ISRO) Employees.

In Gujarat, LJP is the leading institute to develop excellent linkages and interface with World’s top manufacturing companies to prepare skilled manpower. They are imparted not only technical skills but we also focus behavioural change leading to positive attitude, discipline, time management, team work, improved communication, presentation skills, cultural values, besides their sound understanding of commitment to job obligation & social responsibilities.

A collage of 12 photographs showing students on a field trip to various historical and cultural sites in India. The photos are arranged in a diamond pattern on a pink background with yellow and purple diagonal stripes. The sites include the Taj Mahal, the Gateway of India, the Red Fort, the Amber Fort, the Qutub Minar, the Humayun's Tomb, the Agra Fort, the Fatehpur Sikri, the Akshardham Temple, the Lotus Temple, the India Gate, and the Ashoka Lion Capital.

Industrial visits and study tours are the vital part of our curricula. They help to bridge the gap between class-room & the real world. They give students an exposure to applied learning modes, the working methods and employment practices. They provide an insight into the real working environment and help students to understand the functioning of the industry.

LJ Polytechnic has an extensive interface with over 80 companies and construction sites for field visits. Students & faculty members have undertaken study tours to major cities of the country such as Pune, Hyderabad, Mumbai, Delhi, Surat, Chennai, Bengaluru, Vadodara, besides famous major historical places like Jaipur, Champaner, Patan, Sun Temple etc.

Expert Lectures/Seminars/Workshop

LJ Polytechnic for a transformative educational experience enriched with expert lectures, seminars, and workshops. Our distinguished faculty, along with renowned guest speakers from various industries, deliver insightful talks, fostering intellectual growth and professional development. Engage in dynamic discussions, gain valuable insights, and expand your knowledge base through hands-on workshops tailored to your field of study.
