LJ stands for 'Lok'(people) and 'Jagruti' (awareness) and the vision of trust has been to become “a key player in the field of education and social development by promoting and nurturing creativity, scholarship, innovations and excellence through a chain of quality institutes”.

ABOUT LJ SCHOOL OF LAW

The Lok Jagruti Kendra's idea behind starting the School of Law is not just to produce degree holders in law but to produce Lawyers who would practice in courts of law. Besides full-time faculty, the institute involves eminent lawyers practising in local courts, high courts and Supreme Court. The institute has introduced a pedagogical innovation - "Lawyer on Wheels"- under which the students go to interior villages for creating legal awareness as well for providing legal help to the socially and economically backward classes. The institute provides a unique learning experience to the students.

VISION : LJ School of Law aims not just to produce law degree holders, but to produce lawyers having passion and legal insight to compete with changing global legal needs and to be key player in legal education by promoting creativity and professional excellence.

MISSION: To develop dynamic legal professionals equipped with conceptual clarity, professional skill, self-confidence, social, ethical concern and globalized perspective of legal education through innovative systems and processes.

CURRICULAR & CO-CURRICULAR ACTIVITIES

The Syllabus needs to be supplemented by various other activities which not only bring enhancement of knowledge but also develop creative and critical thinking among students so as to give them an edge over others.

At LJSL, the scope of learning has been widened through various co-curricular activities designed to develop latent abilities of learners and to nurture them to achieve the main goal of effective learning. Main co-curricular activities are as follows:

Mock Trials

Through Mock Trials students are familiarized with the proceedings at lower courts (sessions and district courts), and they personally experience the judgment delivery procedures. This will create the base for the practical – on-field training.

Moot Courts

Through the Moot Courts the students are introduced to the working of Tribunals, High Courts and the Supreme Court. Here students try to step into lawyers' shoes and learn the subtleties of representing a case in a court.

What's your view?

It is very important to have legal as well managerial insight which will lead to be successful career perspective. What's your View is case study- Analysis forum where students are being given real cases/ ongoing issues/ current managerial- legal topics to study and provide their views through presentation, report etc. which are being evaluated by field experts at regular intervals.

LEG-A-MAN

Dr. A.P.J. Abdul Kalam has rightly said that until you share and discuss your thoughts, your success is doubtful as closed system can never survive long and future is in dark. LEG-A-MAN is a legal management discussion forum where students are provided an opportunity to discuss and analyze various legal and managerial issues as to express their views, and research-findings on related issues along with a panel of experts. This exposure is helpful in legal as well managerial level grooming of students.

Experts Talk Series

This is a forum where talks by experts, including management tycoons and legal luminaries, are organized, and discussions on current issues based on managerial and legal grounds are conducted to develop students' insight.
