ABOUT LOK JAGRUTI KENDRA

Lok Jagruti Kendra (LJK) is a Charitable Trust and registered society. It was founded in the year 1982 by eminent academicians and professionals and distinguished personalities from across the society. L.J. stands for 'Lok' (people) and 'Jagruti' (awareness). LJK is running more than 22 institutes offering diverse range of programs from diploma programs to undergraduate to postgraduate to professional programs. It is functioning from two campuses in Ahmedabad, with over 700 well-qualified and experienced faculties to train over 18000+ students drawn from across Gujarat. At all Campuses, incessantly strive to create congenial learning environment with state-of-the-art academic facilities to meet the world class standards to provide excellent education.

ABOUT LJCCA

LJ College of Computer Application (affiliated to Gujarat University) is one of the premier institutes in Ahmedabad, imparting quality education and professional training for Bachelor in Computer Applications. LJ College of Computer Applications was founded by the Lok Jagruti Trust, a name held high up in esteem for providing quality education, in the year 1999 at its Vastrapur Campus. We at LJCCA are committed to impart professional education with practical exposure, to groom young technocrats for facing the challenges and opportunities of the IT industry. We strive to nurture the students to achieve their maximum potential by instilling them with the strength of technical competence, discipline, self-confidence and leadership.

AFFILIATION

L.J. College of Computer Application is affiliated to **Gujarat University**. It acts as a undergraduate centre of Gujarat University and follow the schedules of the university department for academic and operational purposes.

VISION & MISSION

Vision:

"Lok Jagruti Kendra will be a key player in education and social development by promoting and nurturing creativity, scholarship, innovation and excellence through a chain of quality institutes to develop various qualities, mental, behavioural and social in the student of the various disciplines of undergraduate studies."

Mission:

"To establish and manage institutions with an environment in which new ideas, delivery strategies and scholarship flourish and from where leaders and innovators of tomorrow shall emerge."

ABOUT COURSE - BCA

It is a three-year **(6 Semester)** undergraduate degree programme in the field of **computer applications**. The course is mainly designed for those candidates who aspire to delve their career in the world of computers. BCA course ensures that you are assimilated with the right ingredients to build a profession in the discipline of computers and technology. In the current generation, those students who wish to learn **Computer languages** can get exemplary career opportunities in this realm.

The study period of BCA includes various **subjects** such as Programming in C Language (Basic and Advanced), Networking, Data Structure, Database Management, Data Mining, Mathematics, Object Oriented Programming using C++, Visual Basic, C#, Programming using PHP, JAVA, Oracle, Operating Systems, Artificial Intelligence, Web Scripting and Development, etc.

Presently, this course has become one of the most popular courses among the students who want to view themselves in **IT (Information Technology)** field as a programmer or software developer.

SCOPE / JOB OPPORTUNITIES AFTER BCA

My student life at LJ College is one of the best time in my life and had its ups and downs. But overall I feel that studying at LJ college was a great learning experience every day that has helped me tackle professional problems with ease. I'm thankful to all the faculties who pushed me throughout that has helped me gain confidence and has made me an independent women.

Name -Reema Menon
Batch- 2007-2010
Assistant manager (Genpact)

Almost 11 years after graduation, my thoughts on LJCCA stand bifurcated between an immediate sense of nostalgia and gratitude. It has been my second home for those three years of my life, with many ups and downs, which helped me mold in many ways and at each phase. I developed a special bonding with the faculty and gained a lot of friends. The faculties are much more than just mentors, anyone can teach but when someone mentors you not just academically that's when a faculty becomes a friend and professors at LJCCA are true examples of that. College life helped me grow as an individual in all aspects, from academics to extracurricular. I want to express my heartfelt thanks to the College who gave me the perfect opportunity to explore myself and raised my level of confidence to face any challenge head-on.

Name: Drashya Kuruwa
Batch: 2005 - 2008
Current Designation: Founder, Evantrix | CTO, Likenone | Digital and New Media, DRS Arts Company

WHAT OUR STUDENTS SAY

I have always had an interest in the IT and Computer Science industry. Although I didn't know exactly what field I wanted to enter, somehow I knew IT had a great scope with evolving technology. Studying BCA at LJCCA has enabled me to realize what I want to achieve in my career. There is amazing support of faculties at LJCCA and the college provides the right tools and skills that I need to have a successful career.

Name: Ashish Banga
BCA: 2004
Working in the IT industry for more than 12 years.
Working as Solution Architect at Isobar, Melbourne.

My Bachelors in computer applications brings back nostalgic memories. One of them being endless hours spent back then in computer laboratories trying our hand to run piece of software program and persistent efforts put by our professors to introduce us to this beautiful alter world of coding.

Name: Maithili Shah
Batch: 2000

LJ College provided me the satisfaction of being in an amazing college. In a nutshell, right from education facilities to amazing faculty and academics to placement, it made my career.

Name: Anuj Saraf
Batch: 2005
