A Report

On

“FDP- Introduction to Computer Programming using Java”

For the Faculty of Mechanical Engineering Department.

From 01-07-2022 to 16-07-2022

- **Objective:** “Mechanical Engineering Department has organized an expert session on “Awareness Session on JAVA Programming Language” from 01-07-2022 to 16-07-2022. Key objective of this session is to prepare faculty for coding

Department Name	:	Mechanical Engineering Department
Date	:	01-07-2022 to 16-07-2022
Venue	:	410-C LJJET
No of Participants	:	29

Outcome of the FDP

The Faculty Development Program on "Introduction to Java" for Mechanical Engineering faculties was a resounding success, achieving its objectives of familiarizing faculty members with Java programming and enabling them to incorporate it into the practice. The program not only enhanced participants' understanding of Java but also equipped them with the necessary skills to impart this knowledge to students effectively. Moving forward, it is essential to continue organizing such programs to keep faculty members abreast of the latest developments in programming languages and technologies.

Participants gained a solid understanding of Java programming fundamentals, including syntax, semantics, and best practices. Faculty members developed the necessary skills to apply Java programming to Mechanical Engineering students effectively.

The FDP provided a platform for networking and collaboration among faculty members from different department, fostering knowledge sharing and professional growth.

ACKNOWLEDGEMENT

The faculty members are grateful to the College authorities, Management and the Vice President – Dr. Manish Shah (LJK Trust) for supporting them to carry out such a program and for providing the support. Secondly, the coordinators would like to thank Director (L.J.I.E.T.), who encouraged the faculty members for this program. Also, the coordinators extend their gratitude to the Head of the Department, who has played a major role by being there at the time of need.
