ABOUT LOK JAGRUTI KENDRA UNIVERSITY

Lok Jagruti Kendra, established in 1980, gradually expanded its educational offerings in commerce, management, engineering, media, architecture, law, pharmacy, computer applications, applied sciences, and other fields. To further its mission of providing quality and affordable education, it established LJ University in 2019, bringing 15 well-established institutes under one umbrella.

Spread over a lush green 14-acre campus near S.G. Road, Ahmedabad's prime business hub, LJ University provides students with diverse academic programs, strong industry collaborations, and unique internship opportunities. The university emphasizes holistic development through excellent sports facilities, including volleyball, basketball, pickleball, cricket, football, and indoor games, along with vibrant cultural and extracurricular activities.

With an alumni network of over 60,000, LJ University fosters a dynamic learning ecosystem. It established the Antrapreneur Business Incubator in 2014 to promote innovation and entrepreneurship, and the Start-up Gujarat, Stand-up Gujarat initiative was launched from its campus by the then Education Minister. The campus is fully connected with optical fiber and houses a network of over 6,000 workstations to facilitate handson learning. By integrating blockchain for evaluation and artificial intelligence in teaching pedagogy, LJ University ensures an innovative, technology-driven, and future-ready educational environment.

VISION & MISSION

"LJKU is a 'Research-Driven Teaching University' with a difference in terms of visualization, delivery, and assessment of programs through collaboration, innovation, and excellence to create a cadre of well-trained and socially responsible professionals."

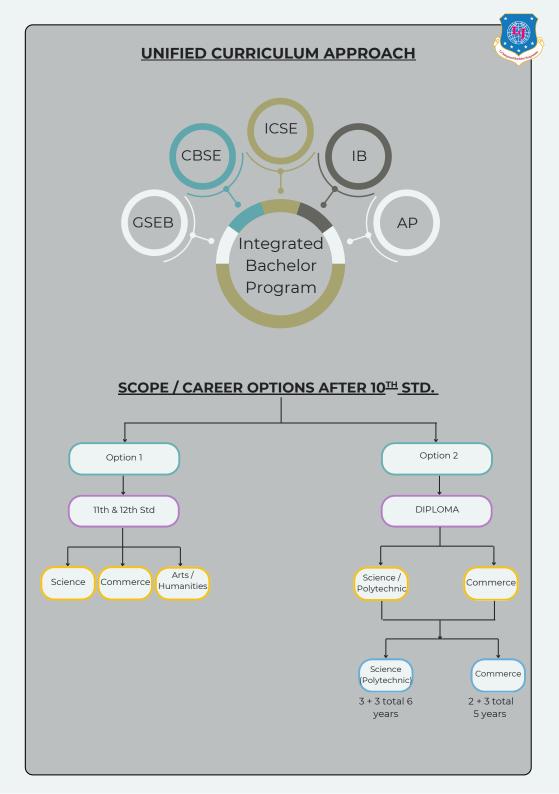

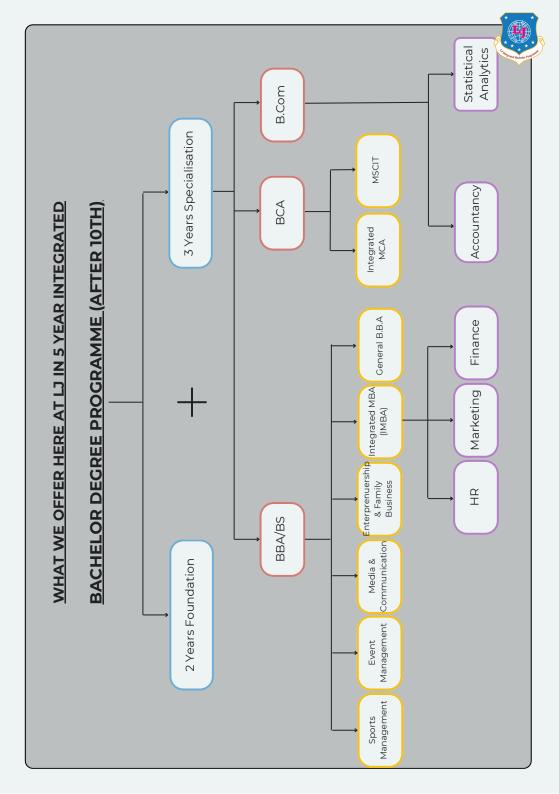

LJKU's Mission is to:

i. create cutting-edge academic programs with an intensive interface with technology to fulfill its vision.

ii. develop premier infrastructure and cultivate a vibrant ecosystem for teaching, learning, research, consultancy, entrepreneurship, innovation and array of extra-curricular activities.

iii. collaborate with academic institutions of excellence and network with industry, to contribute to the nation's contemporary and futuristic human capital needs.

Exploring Options Beyond 10th Grade

Five year Graduate Degree in Integrated BBA /B.Com /BCA /Media /Event /Sports /Family Business (First 2 Years Foundation + 3 Years Bachelors), with no exit option before completing the full five year program.

Unveiling the Programme: A Comprehensive Overview

The 5 year Bachelor Degree Programme (After 10th) is a unique way of learning commerce, management, computer and much more. With less burden of classroom teaching and more focus on practical learning, this unique program is gaining its popularity. The Indian Education system is focused on exam oriented learning which gives immense pressure to students for clearing their 12th boards, while this bachelor program focuses more on industry related learning. Therefore, our course curriculum is decided from the best content of various boards of India, that includes CBSE, ISC, IB, AP and much more.

Traditional vs Transformational Learning

<u>Traditional</u>

- 1. Appear for 12th Boards
- 2. Rote Learning
- 3. 7-8 Hours Daily
- 4. 10 -15 Academic

Modules

- 5. Annual Examination System
- 6. Financial Burden
- 7. Need for Tutions
- 8. Limited Resource

Access

9. Fewer Events and

Workshops

<u>Transformational</u>

- 1.No Boards
- 2. Practical Learning
- 3. 3-4 Hours Daily
- 4. 4 Core Academic

Modules

5. Semester - Based

System

- 6. Financially Viable
- 7. No Need for Tutions
- 8. Unlimited Access to

Resources

9. Multiple Events & Skill -

Based Workshops

DISTINGUISHING FEATURES
