

**Institute Name: L. J. Polytechnic**

**1. Title of the Activity: Industrial Visit to Adani Port Mundra & Bhuj, Kutch.**

**2. Name of the Faculty/Coordinator: Ramesh Kumar, Divya Parmar & Bhumi Sagar**

**3. Department / Program Name: E.C. & Electrical Engineering Department.**

**4. Date & Duration of the Activity: Dates 07/01/2026 to 10/01/2026 from 04.00am to 11:55pm**

**5. Objectives of the Activity:**

- Understanding Port Operations.
- Exposure to Port Infrastructure
- Learning Supply Chain & Logistics Management
- Observing Modern Technology & Automation
- Understanding Export–Import (EXIM) Processes
- Environmental & Sustainability Practices
- Career & Industry Exposure

**6. Description of the Activity:**

The visit to Adani Port, Mundra was organized as an educational and industrial exposure activity to provide practical insight into port operations and logistics management. During the visit, participants were introduced to the overall functioning of India's largest private port through a briefing session conducted by port officials. The session covered the port's history, capacity, infrastructure, and its strategic importance in international trade.

Participants observed various port operations, including container handling, bulk cargo movement, and mechanized loading and unloading processes. The visit also included an overview of multimodal connectivity such as rail, road, and storage facilities that support efficient cargo transportation. Special emphasis was given to safety measures, security systems, and environmental sustainability practices adopted by the port.

The activity helped participants understand real-time coordination between shipping lines, customs authorities, and logistics providers. Interaction with port professionals enhanced knowledge about career opportunities and industry requirements. Overall, the visit successfully bridged the gap between theoretical learning and practical application, enriching participants' understanding of port and maritime operations.

## 7. External Participation:

- a) **Resource Person:**  
**Name:** Mr. Gopal Bhai  
**Designation:** Port Permission Manager  
**Affiliation:** Adani Port and SEZ, Mundra.
- b) **Number of External Participants:** 00

## 8. Internal Participation:

- a) **Number of Faculties involved:** 03
- b) **Number of Non-Teaching Employees involved:** 00
- c) **Number of Students involved:** 15
- d) **Mode of Participation:** Offline

## 9. Learning Outcome Achieved:

1. Gained practical knowledge of port operations and cargo handling systems.
2. Understood the role of ports in international trade and logistics.
3. Learned about multimodal transportation and supply chain integration.
4. Developed awareness of safety, security, and environmental practices at ports.
5. Bridged the gap between theoretical concepts and real-world applications.

## 10. Photographs / Screenshots:

*(Attach minimum 2 photographs with tag line as evidence – activity in progress, student involvement, faculty facilitation)*

**11. Feedback from Students (if any):-**

- The visit provided valuable practical exposure to port operations.
- Gained better understanding of logistics and cargo handling systems.
- The briefing by port officials was clear and informative.
- Safety and environmental practices were well explained.
- The visit was well planned and useful for academic learning.

**12. Attendance Sheet: Hard-copy Attached with Report.**

**13. Activity Brochure/Notice: Not Applicable.**

**14. Outcome Summary:**

The industrial visit to Adani Port, Mundra resulted in enhanced practical understanding of port and logistics operations among students. The activity facilitated experiential learning through direct observation of industrial practices, modern technologies, and safety standards. The outcomes aligned with academic objectives and contributed to improved industry readiness and professional competence of students.
